

NCCW '71

April 20, 1971

Brother Frank, S.S.J.
St. Joseph School
Clayton, DE 19938

Dear Brother Frank:

We received your card and request for National Coin Week material and I must admit that we are cutting the time very close, especially in view of the fact that the headquarters is not handling the National Coin Week material itself. All requests have to be forwarded on to our committee chairman in California.

However, knowing the value of an exhibit on coins for students, I took the liberty of calling Lee Martin in Santa Ana, California, and he has promised to air mail immediately the requested material.

Please accept my sincere wishes for a very successful observance of National Coin Week.

Sincerely,

EDWARD C. ROCHETTE

Sirs: Have just learned of the extremely near advent of National Coin Week, April 18-24. I would appreciate it very much if you could send me several (3 or 4) posters, as well as other materials and literature which I might use to put up a display in our school. We already have arranged to have a collection of coins brought to the school for the students to see, your posters would certainly add to this. Thanking you very much, I remain
Sincerely in St. Joseph,

Brother Frank, S.S.J.
